<p>Non-resident fees. Please note that certain fees are doubled when the person interred either: didn't live in within the township of Middleham or a radius of 5 miles measured in a straight line from the market square immediately before death. Exceptions are made when a person lived with the defined area for more than half their life, or who lived in the area for over ten years and moved out of the area less than 24 months before their death, or has a spouse or close family member already interred in the church burial ground or the civic burial ground. The fees charged by the Town Council only covers the office administration costs of the process and a contribution towards the running costs of the burial ground in the year of interment.</p>
